David : How do you like living in a big city?

Maria : I like it so much more than living in the country. There are many things that make it better.

David : Oh, really? Can you give me some examples?

Maria : Well, it certainly is more interesting out in the city than it is in the country. There is so much more to do and see!

David : Yes, but the city is more dangerous than the country.

Maria : That's true. People in the city aren't as open and friendly as those in the countryside, and the streets aren't as safe.

King Arthur

Once upon the time, there was a king named Arthur. He was a man who used to follow the battle. In England, many men joined the battles to fight for their land against the enemy. It is common for a soldier or a knight to arm themselves with swords or axes and wear an armor to protect his body. But when Arthur led the palace, he never used swords and axes. For his protection, his royal magician Merlin, gave him a secret.

Merlin told him that there was a magic sword but it took a long journey passing the valleys and many mountains to get it. King Arthur followed his advice and started their journey together. Finally, they got to a lake where Merlin asked him to stand on its shore.

Suddenly, he saw a strange thing coming out from the lake. It was a sword with a golden handle. And there was a beautiful lady whom he did not know. She appeared from the lake and told him that she was the lady of the lake. She asked him to take the magic sword. King Arthur took it from her arm before the arm sank beneath into the water again.
